### Questionnaire for Admission

To Student Teaching or Other Intern/Practica Programs

#### Instructions

*The School of Education requires applicants for admission to programs leading to a certificate or license to teach or requiring field placement, e.g., practica, student teaching, or **internships** (school psychology), to complete the following questionnaire. Falsification or omission of information relevant to these questions may constitute grounds for denying you admission to the program or for termination of your admission if the falsification or omission is discovered after admission. Further, after you have submitted the questionnaire, while your application is being considered or while you are a student in a program, if circumstances occur that would change any response, you must inform the School of the changed responses.*

*An affirmative response to an item does not necessarily mean that you will be denied admission. You will be contacted to explain the circumstances leading to the affirmative response. In addition, the School may request further information from appropriate sources. If necessary, your consent to obtain this information will be obtained. The School will take the information obtained into account in determining whether to admit you to the program, to postpone admission or to place special conditions on your admission or to provide special accommodations.*

*In the event you are denied admission to the program based on your responses to the questions below, you have the right to appeal that decision. Notice of the grievance procedure will be forwarded to you in the event of a denial. A copy of the grievance procedure is also available in all departmental and program offices in the School.*

1. Have you ever been admitted to, then withdrawn from or asked to withdraw from or been dropped from a student teaching or other intern/practicum program for other than academic reasons?  NO  YES If yes, explain
